ABOUT THE JASON FOUNDATION, INC.

The Jason Foundation, Inc. (JFI) was founded in 1997, after the tragic suicide of JFI's President Clark Flatt's youngest son Jason. JFI has never charged a school, educator, church, youth group, or community for the use of any of our programs or services. This assures that "lack of funding" is never the sole deciding factor of who can receive these life-changing/life-saving programs and resources. From a kitchen table start-up, JFI is now considered to be a national leader in youth suicide awareness and prevention. JFI's suicide prevention programs are in use in all 50 states and several foreign countries. Please see our website for a detailed listing of the programs and services that we offer. www.jasonfoundation.com

MISSION STATEMENT

The Jason Foundation, Inc. is dedicated to the prevention of the "Silent Epidemic" of youth suicide through educational and awareness programs that equip young people, educators/youth workers, and parents with the tools and resources to help identify and assist at-risk youth.

ONLINE PROFESSIONAL DEVELOPMENT SERIES

FOR YOUTH SUICIDE AWARENESS AND PREVENTION
DESIGNED FOR EDUCATORS, SCHOOL PERSONNEL,
AND YOUTH LEADERS

WHY IS TRAINING IMPORTANT?

Suicide is the 3rd leading cause of death for 10 – 24. (CDC WISQARS) According to the 2023 Youth Risk Behavioral Survey in the past 12 months: over 1 out of every 5 young people reported they had seriously considered suicide (20.4%). Almost 1 out of every 6 young people reported they had made a plan to attempt suicide (16.4%). Over 1 out of every 11 young people reported they had attempted suicide (9.5%). Awareness and education are key to prevention. Four out of Five individuals considering suicide give some sign of their intentions, either verbally or behaviorally. It is imperative that educators know how to recognize signs of concern of at-risk youth and are prepared to react should they see these signs.

WHAT IS JFI'S ONLINE PROFESSIONAL DEVELOPMENT SERIES?

The Jason Foundation currently offers several staff development modules. Some of the modules are available on DVD, but all are available online. The modules were designed specifically for educators, but would be useful for any type of youth worker. The topics of the modules range from a broad overview to more specific information regarding awareness and prevention of youth suicide. To order a DVD of a module for a group presentation, please send an e-mail with your contact information and your request to contact@jasonfoundation.com. Please note that all Jason Foundation programs are available at no cost to participants.

WHO SHOULD PARTICIPATE IN THE ONLINE PROFESSIONAL DEVELOPMENT SERIES?

Although the staff development modules were designed specifically with educators in mind, they are not the only group who can benefit from the training. These modules offer the information, tools and resources to help provide those who work with youth the knowledge they need to help identify and assist at-risk youth.

ARE THERE ANY REQUIREMENTS FOR YOUTH SUICIDE PREVENTION TRAINING IN MY STATE?

Passed in over a third of the states, The Jason Flatt Act is the most comprehensive suicide prevention law in the country requiring educators to have training in youth suicide awareness and prevention. Visit our website for the complete list of participating states. Educating teachers on recognizing signs of concern and elevated risk factors is a major step in saving young lives. The Jason Flatt Act works within a state's current continuing education requirements by making youth suicide prevention training a required subject. Although The Jason Flatt Act does not require teachers to use specific programs, many states and school districts use JFI's staff development modules to satisfy the requirement. Please refer to your local school district with questions regarding requirements for staff development programs.

The Jason Flatt Act can be passed without a fiscal note attached, and JFI plans to continue working to introduce this legislation across the nation.

HOW DO I ACCESS THE ONLINE PROFESSIONAL DEVELOPMENT SERIES?

1. Visit www.jasonfoundation.com
2. Click "Training"
3. Select "Register"
4. Complete the registration form

ONLINE PROFESSIONAL DEVELOPMENT SERIES

The Jason Foundation's Online Professional Development Library hosts all of our training modules. They have been designed and produced to provide you with valuable information to help prevent youth suicide. The following is a list of modules that are currently on our Online Library.
